

## **RE/MAX Associates Make Dreams Come True**

**Deborah Shamnoski, Marie Osmond, Karey Grimsley**

**RE/MAX Associates again this year lived up to their motto, “Outstanding Agents, Outstanding Results” in their support for Children’s Miracle Network. RE/MAX Platinum Properties was recognized for raising \$12,000 in 2004 for Salinas Valley Memorial Hospital during an exclusive awards event at the RE/MAX International Convention in Orlando, Florida.**

**Offices that raised \$10,000 or more were presented with a special thank you award from Children’s Miracle Network and were personally thanked by Marie Osmond, co-founder of the organization. Osmond made a name for herself at age 13 when she exploded onto the music charts with “Paper Roses,” marking the first time in country music history that a female artist debuted with a #1 record.**

**In 2004 RE/MAX Associates in North America raised over \$8.1 million for Children’s Miracle Network hospitals, and since becoming a sponsor in 1992, the system has raised more than \$56 million. “We are grateful for the support of the RE/MAX Associates across North America” said Mick Shannon, president and CEO of Children’s Miracle Network. “Their generosity helps ensure that Children’s Miracle Network hospitals are there to treat children in your community 24 hours a day, 365 days a year.”**

**About Children’s Miracle Network-Children’s Miracle Network, the alliance of premier hospitals for children, is a nonprofit organization dedicated to saving and improving the lives of children by raising funds for the finest medical care, lifesaving research and preventative education to help millions of kids overcome diseases and injuries of every kind.
