**YOUR BEST DEFENSE
AGAINST THE UNEXPECTED™**

Take the worry out of buying a home.

GET THE RELIABLE PROTECTION OF AN HWA™ HOME WARRANTY.

Moving is stressful enough. You already have added expenses when moving into a new home... the last thing you need is an unexpected cost from the repair or replacement of your home's appliances, heating, air conditioning, plumbing, and electrical systems. Nor should you have to worry about finding a reliable, trustworthy vendor if the need arises.

Home Warranty of America™ believes that your first year in a home is not the time to worry about major repairs. HWA™ offers an exclusive 13 month warranty™ plan on the major mechanical systems and appliances in your home, backed by superior service.

FULL COVERAGE FOR EVERY BUYER

Unlike other home warranty companies, there are no age restrictions in the HWA™ warranty contract. Regardless of the cost, we will repair or replace the covered item for a low "per visit" service fee.

YOUR REPAIRS ARE DONE RIGHT BY THE BEST TECHNICIANS AVAILABLE

The Home Warranty of America™ network of service technicians consists of experts in their fields with years of experience handling every type of home repair. Their quality assurance program makes certain the job is done right the first time, and even includes a five-day satisfaction follow-up.

SERVICE IS JUST A CONVENIENT TOLL-FREE PHONE CALL AWAY

If you need a repair, simply dial 1-888-HWA-RELY, 24 hours a day, 7 days a week. High speed scheduling ensures that you won't have a long wait for a service technician.
